## CELEBRANT SERVICES

For some people, traditional funeral ceremonies fail to reflect the personal uniqueness of the participants, or express the depth and universality of meaning they seek. Our firm offers “Celebrant Services.” Certified Celebrants offer an alternative to a service traditionally provided by ordained clergy for those who are not affiliated with a church or who do not

wish to have a religious funeral service. This service can make the difference between a funeral and a celebration of your loved one’s unique life.

Our Celebrants enjoy speaking with family members as they remember the deceased and the life they lived. They transform those memories into a meaningful service, and use their skills to share the story of your loved one’s life with those who have come to pay their respects and remember.

Our Celebrants have been specifically trained and certified to design a service that is completely personal, and as unique as your loved one. And through the availability of a wide library of resources for readings, music and other special ceremonies they can help your family design a service that honors the life of the deceased.

Our Celebrants will schedule a convenient time to meet with your family and listed to memories and stories from your life with the deceased. The essence of the service will reflect these remembrances.

Our Celebrant will work directly with your funeral director on the arrangements and elements of the service and is dedicated to the concept of providing a tribute that reflects the lifestyle and beliefs of your individual family.

Celebrant Service..... \$550  
(includes family consultation, service in the funeral home and concluding remarks at the place of committal, if scheduled immediately following service.)

In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave.
